Dear Parents & Carers

Exe Class Newsletter – Autumn Term 2018

After our exciting week at Charterhouse, with all those memories made, it is now time to settle back into our work in Exe class.

We have a really busy term ahead planned. Our main topic this term is a history one, World War Two. Our Art and DT work will also be linked to this and I know the class are already looking forward to making their Andersen shelters! We have the museum visiting, so the children will be able to get hands-on with some artefacts and we will be visiting the Fleet Air Arm Museum in the second half of term. We are also really lucky to be welcoming in a World War 2 veteran to talk to the children and answer their questions.

In Science, we will be looking at the topics “Keeping Healthy” and “Micro-organisms”. We will be carrying out investigations into how mould grows and forms and also the job of yeast. I have also arranged for the class to visit Pizza Express, linking to this work. Very exciting!

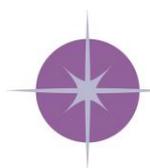

In Maths, we will begin with a focus on place value and then move on to work on fractions and decimals. We will also be working on the four operations, +, -, x and ÷. Much of our English work will also link with our WW2 topic. We will be writing flashback stories, diary entries, letters and explanations.

Details about the homework can be found on the separate letter the children should have brought home. If you have any queries, please ask.

It will be a hardworking year but I am really looking forward to seeing the children rise to the challenges to the best of their ability. If you have any questions at all throughout the year, please feel free to come and ask me. Don't forget to follow us on our twitter page @class_exe for regular updates on what we have been doing in class.

Many thanks

Mrs Evans
